MEMORANDUM FOR: Director of Security

SUBJECT            : Office of Security Statistical Report

     1.  The attached tables reflect some of the activities of certain components of the Office of Security during September 1968.

     2.  The statistics in the table are compiled by the component concerned and refer to the current month.

     3.  The overall processing time for an applicant case was further reduced from 70 days in August to 68 days for this month.  For July 1968, the processing time was 71 days.

     4.  An examination of the Reinvestigation Program reflects that during the period July through 30 September 1968 a total of 1,009 cases have been completed.  This number exceeds by 253 the number of cases closed for the same period during FY 1968.

     5.  FY 1968 was a record breaking year for the Office of Security in total support manhours.  The trend appears to be continuing during FY 1969 as a total of 34,121 manhours have been worked to date.  During the same period last year, the number of manhours totaled 26,578.
